The Billion Dollar Code	Episode - 2
1. The Success	After the Successful presentation of "Terra Vision" at the Biggest Conference called "Kyoto Conference", they got huge value all around the world. they showed their work in more than 50 conferences all around the world. And then they meet a guy named Brian Andersson – A Person Leading Silicon Graphics a company whose product is Onyx Reality Engine. Brain Found the Jury and Cartson so innovative. They went to the Party and Enjoyed themselves There.
2. The Mistake	At the Party Jury drank so much and he believed that the knowledge is not anyone's private property he used to share whatever knowledge he is having. So Jury talked each and everything with brain at the party night. After that Jury and Cartson went back to Berlin.
3. The Sudden Fall	After returning to Berlin, they met their investors called "Derger Telecom" , they refused to invest more money in their company. They managed somehow and one day cartson found that The Brain is doing exactly the same thing they had and partnering to Google. So they tried to meet with Brain Anderson. Episode ends.
Summary	Don't Share Each and Everything with Everyone. Everybody around you is not wise like you.
